

LAMINATED VENEER LUMBER

EVERGREEN grew out of the wood products industries in the Northwest United States, and wood products – solid, composite, and engineered – remain a major segment of our business. We have completed thousands of projects all over the United States and into eastern Canada, up to and including complete greenfield plants. Evergreen has the strongest technical team in the industry for Engineered Wood Products (EWP) – including LVL and I-Beams. Evergreen and its staff have been heavily involved throughout the development of these technologies.

LVL – Project Examples

Pacific Woodtech, Burlington, WA

- ▶ Addition of New LVL Manufacturing Line
- ▶ Continuous MW Preheated LVL Press
- ▶ Pollution Control Permitting/Equipment

Murphy Plywood

- ▶ Complete New LVL Manufacturing Facility
- ▶ Site Development & Buildings
- ▶ Veneer Drying and Grading

Trus Joist, Stayton, OR

- ▶ New LVL Manufacturing Plant
- ▶ Site Development

Trus Joist, Eugene, OR

- ▶ New Plant, Multiple LVL Presses
- ▶ Veneer Drying and Grading
- ▶ LVL Cut-up, Stacking, Bundling
- ▶ Pollution Control Equipment
- ▶ New Thermal Oil Systems

Boise Cascade, White City, OR

- ▶ New LVL Manufacturing Plant
- ▶ Continuous, 8 foot Wide, Microwave Preheated System
- ▶ Preliminary Engineering, Technology Selection, and Project Budgeting
- ▶ Building Additions & Site Development

Trus Joist, Junction City, OR

- ▶ Multiple LVL Presses in New Plant
- ▶ LVL Products Line with Sizing, Texturing and Packaging Equipment
- ▶ Machine Design, Power, and Control
- ▶ Veneer Dryer System
- ▶ Pollution Control Equipment

Louisiana-Pacific, Hines, OR

- ▶ New LVL Plant Preliminary Engineering
- ▶ Veneer Lathes through LVL Cut-up
- ▶ Equipment Layouts and Budget

Trus Joist, Natchitoches, LA

- ▶ New Plant with LVL Presses
- ▶ Building, Dryer, and Glue System
- ▶ LVL Products Line

Louisiana-Pacific, Wilmington, NC

- ▶ Veneer Drying
- ▶ New LVL Press
- ▶ Layout, Schedule, and Capital Estimate

Willamette Industries, Winston, OR

- ▶ Preliminary Engineering
- ▶ Equipment Specifications
